Location: Any country in Sub-Saharan Africa

Deadline for application: 12 August 2021

[The Safe Abortion Action Fund \(SAAF\)](#) is the only global fund focused exclusively on the right to safe and legal abortion. Through our funding and support we work to de-stigmatize abortion and to enable organisations in low- and middle-income countries to initiate abortion-related projects based on their context. We envision a world where women, girls and people with diverse gender identities have their human rights to abortion and bodily autonomy respected, protected and fulfilled.

We are hiring a Program Adviser - Technical Allyship to join our growing team. The Adviser will help shape and implement the role of SAAF as a convener of support. The Adviser will understand the grantees-partners' needs and will play a matchmaker role to ensure that grantee partners tap into local, regional and international expertise provided by other organizations and form new partnerships as a result. The Adviser will also be responsible for managing relationships with a subset of SAAF's grantee-partners, acting as the reference point for them within the SAAF Secretariat. **Fluent English and French are essential.** Please look at the job description for further details.

SAAF is hosted by the International Planned Parenthood Federation (IPPF). The postholder will be housed within the structure of IPPF's Africa Regional Office, but will be part of the global SAAF Secretariat, with staff also located in Latin America and Europe.

The postholder will be able to work from the IPPF offices (currently in Nairobi and Addis), or from home if based in other cities or countries in Sub-Saharan Africa. No relocation package will be offered for this role.
